Didn't know if we'd have enough time to run all the shooters through.....NOT!

Welcome visitor Tim from Florida! Thanks for 40% of the entries!

Tim Daniels smoked the competition of himself to win standing.

Gordon Lash shot a 38 in 22 and a 37 in 1/5 scale, thts consistent.

I shot a personal best 35 in PH with a leg up, guess not much pressure with three shooters.

October match is iffy, it's Ohio State hosting Penn State Saturday the 21st of October so I'll be sending an email asking for preregistration to see if it's even feasible to hold the October match.

Good news is the powers that be here at Cardinal have finally seen the light and a backstop system to easily identify misses will be implemented no later than next spring! That way any bugs will be worked out in plenty of time for next year's SB ECC.

Hope to see more folks next month.
Brian
