Target setters at work on the SB / FP Practice Day

## 35<sup>th</sup> ANNIVERSARY IHMSA AUSTRALIA Inc NATIONAL CHAMPIONSHIPS 2015

All competitors converged on Canberra in early October, 2015. The 3 Tasmanian's came via ferry then by road, the 12 West Australian's via plane and road (some drove to carry the ammunition for those that flew), the 9 Queenslanders via plane and road as well, the 6 South Australian's, 8 Victorian's, 6 New South Welshman, and the local 3 from the ACT all came via road. There were 47 entries in total with the competition match count being 162 for Small Bore, 75 for Field Pistol and 183 for Big Bore for a combined total of 420 over the six very busy shooting days.

A big thank you to Cheyne F for all his hard work in getting the range ready for the competition. Everyone made comment about how good it looked. The practice day for Small Bore and Field Pistol was very well attended and extremely busy, starting at 9am and not finishing until 5.30pm.

### Small Bore and Field Pistol

Day 1 – Fine and sunny with 28° predicted, but the moderate breeze that blew all day made it feel a little cooler. Some targets blew over when the odd gust went through, but shooters managed to find alibi targets on either their own range or the adjacent one, so the shoot was not held up at all. Top scores for the day belonged to Richard C (WA), Russell M (QLD) and Lou F (ACT) all with 38 in Production, Cheyne F (ACT) and Barry W (SA) 38 in Revolver, Gary J (WA) 25 in Standing and 39 in Unlimited, Barry W 30 in FP Production and Richard C 28 in FP Any Sights. WA Junior, Helen C and her sister Imogen shot very well in the Unlimited Any Sight match scoring 37 and 34 respectively. The highlight of the day was watching the juniors race each other out to set targets, especially when Helen, in order to beat her sister, gave her a good hip hit and Imogen did a wonderful forward roll over the rail taking out extra targets in the process. No one was injured – just normal family “fun”.

Oh to be so young and soooo flexible!

Day 2 – Daylight Saving started and we all missed out on an hour's sleep except for those that planned ahead and went to bed early! We had put the start time back a little to compensate but as it was overcast we could still start on time. The clouds disappeared after a couple of hours and it

was full on bright sun for the rest of the day. Top scores for the day went to Cheyne F (ACT) 39 in Production, Joseph B (WA) 29 in Standing, Cheyne F, Wayne C (ACT) and Lance P (VIC) all 39 in Unlimited, Richard C (WA) 30 in FP Production, Brian M (NSW) 30 in FP Any Sights and the 40's were beginning to roll in for Unlimited Any Sight from Bevan D (WA), Noel W (SA) and Barry W (SA). Competing at her first Nationals away from home, Rowena C (WA) shot a very creditable 39 in UAS. The juniors kept us amused again as Ian C came racing down the watercourse beside the range, missed his footing and over he went and straight up again and kept running. It must be good to be young and agile – I would have stayed on the ground or maybe I should say – I definitely wouldn't have been running in the first place!

Wayne tries to decide which sight settings to use after a long break due to shoulder surgery

A very busy firing line

Day 3 – High cloud again this morning and by the time it started to burn off there was enough sun coming through to make it very, very glary indeed. It never did completely clear and underneath it all the temperature kept rising to 30° with no humidity – very drying. Some coped and some didn't, with the scores reflecting this. Top scores for the day were by Barry W (SA), 40 in Unlimited and two more added their names to the list of 40's in UAS, these being Gary J (WA) and Joseph B (WA). While the final scores were being sorted ready for the list of shoot offs, several competitors began putting the small bore and field pistol targets away and the big bore targets out ready for practice day tomorrow. As well, the shoot off targets at 100m were being organised and set up. Today's "fun" was the organising secretary, Judy who reached out to take a tin of paint from someone else ready to paint the shoot off targets – unfortunately she didn't have hold of the handle when the other person released it and Judy didn't jump high enough or far enough backwards as the tin hit the ground, hence the result below. It washed off the body, but the clothes are now relegated to working bees.

The shoot offs began about 15:30. Field Pistol Production was up first between Barry W (SA) and Richard C (WA). Unfortunately when Richard got the call he was deep inside the War Memorial with his family and could not get back in time. Revolver was next between Barry W and Cheyne F and after the first run, Cheyne emerged the winner. Production was next with Barry S (VIC) and Gianni R (QLD) vying for first and second place in A grade. Barry took first and Geo second. This

was followed by Dominic P (WA), Drew L (QLD) and his partner Kirsten J (QLD) vying for first, second and third in AA grade. Dominic was knocked into third after the second run and Kirsten and Drew were still neck and neck – it was girls vs boys and after the third run it was boys by 1 with Drew taking first and Kirsten second. Unlimited came next with Cheyne F and Gary J shooting off for first and second in the SSAA Medals. Cheyne was the winner at the end of the first round. The scoped firearms then came out of their bags ready for the Unlimited Any Sights shoot off. In the first round, Gary J(WA) scored 4, Barry W (SA) and Noel W (SA) scored 2 each and Joseph B (WA) and Bevan D (WA) scored just 1 each. Gary was the outright winner and the rest lined up again. After round two Barry and Noel shot off against each other for second and third and Joseph and Bevan for fourth and fifth. Barry scored 4 (putting him into second place) while Noel hit 3, securing third place. Joseph hit 4 (giving him fourth) and Bevan 3 (giving him fifth place).

Two of the Juniors shooting Small Bore Standing

With the shoot offs completed it was time to finish getting the range ready for the Big Bore practice day and then a quick shower and change ready for the Presentation for Small Bore and Field Pistol. It was good to finally relax, slow down and chat for an evening. The SB Open Aggregate went to Barry W (SA) on 137, the Ladies Aggregate to Judy H (QLD) on 127 and the Junior Aggregate to Lachlan M (VIC) on 109. It was really great to see three Juniors competing here with Helen C (WA) runner up on 95 and brother Ian on 32. The FP Open Aggregate went to Barry W (SA), 58 on a countback from Richard C (WA), the Ladies Aggregate to Judy H (QLD) on 56 and the Junior Aggregate to Helen C (WA) on 24 with Lachlan M (VIC) on 21 second. National Champion trophies for each match went to the following:

Production	Cheyne F (ACT)	39	Unl Any Sights	Gary J (WA)	40
Revolver	Cheyne F (ACT)	38	FP Production	Barry W (SA)	30
Standing	Joseph B (WA)	29	FP Prod Any Sights	Brian M (NSW)	29
Unlimited	Barry W (SA)	40			

National Champions SB & FP – L to R – Gary J (WA) UAS, Cheyne F (ACT) Production, Revolver, Barry W (SA) Unlimited, FP Production, Joseph B (WA) Standing, Brian M (NSW) FP PAS.

WA Juniors with their trophies

All three Juniors – Lachlan (VIC), Helen & Ian (WA)

The Big Bore practice day was relatively quiet with only a few taking advantage of a quick practice. The rest caught up on washing, groceries and some sight-seeing thrown in as well. The wind was hot and blustery all day

### Big Bore

Day 1 – For a change it was overcast and very windy and cold. Despite this there were some good scores posted – Production, 39's for Geoff E (NSW), Neville E (NSW) and John H (QLD). Revolver – 38 for Russell M (QLD), Standing – 26 for Judy H (QLD), Unlimited – Mick A (VIC) 40, Unlimited Half Scale – Cheyne F (ACT) 39, Unlimited Standing – Lance P (VIC) 25, Unlimited Any Sights – Cheyne F, 40 and Unlimited Any Sights Half Scale – Noel W (SA) 35. The turkey and ram targets occasionally blew over when a stronger gust came

through, but we only needed two alibis during the day as all the rest made do with targets on adjacent banks.

Mick shoots Standing sighters

.... With a good hit on the chicken

Day 2 – Overcast again, with a slight breeze, but bitterly cold. The “BOM” sight said it should be warmer, but hey, this is Canberra! The sun did finally appear and off came the jumpers and it turned into a beautiful day. There were lots of 40’s during the day – Cheyne F and Russell M in Production, Geoff E and Gary J (WA) in Unlimited, Dominic P (WA) and Gary J in Unlimited Any Sight and two exceptional 40’s in UASHS to Dave L (SA) and Stuart K (SA) –not something you see every day. Mick A had another good day with a 39 in Revolver as well as a 39 in Unlimited Half Scale. Bevan D up the stakes in Unlimited Standing with a 26, while Barry W (SA) posted a 26 in Standing.

John and his Unlimited “fun” gun – T/C in 30/30 – missed a chicken and finished with 39!

Day 3 – By this stage I think most of us were thinking “thank goodness, it’s the last day”, especially those who had shot all 15 matches – a real iron man marathon. The day started with very heavy cloud cover which

looked like rain, but by 9am it had begun to clear and the glare got worse and worse. Thankfully the temperature kept rising to a much more acceptable level and one didn't feel like the Michelin man when shooting. More scoped firearms found their way onto the firing line for the Any Sights matches with Noel W, Bevan D and Dave L all shooting 40 in UAS and Bevan D backed up with a 39 in UASHS. Judy H (QLD) finished the week with an excellent 31 in Unlimited Standing and son Cheyne F a 40 in Unlimited. I must apologize because by this time on the last day all I wanted to do was have the shoot offs finished and have time for a shower before the presentation dinner. Several shooters helped to put all the targets away and then set up the shoot off targets while Brian and Johanna finished off the scoring. A storm was brewing and luckily the shoot offs went smoothly and were over relatively quickly so that the last of the targets, paint etc could be locked away all neat and tidy. A quick clean-up of the Club house and we finally got away from the range about 17.45. We arrived home just as the hail started to hammer down – what more do we need?

Anyway, we finally arrived at the presentation venue, set up the trophies and sat down for the entrée. All was looking good ..... but, remember, this is Canberra. Just as the main course was being served, the power went out ..... no back-up generator ..... so tea lights and torches saved the day! What a romantic dinner it was! The venue did have gas ovens so dessert was not ruined. The Big Bore Open Aggregate went to Barry W (SA) with a 139 and the Ladies to Judy H with a 134. National Champion trophies went to the following competitors:

Production	Russell M (QLD)	40	Unl Half Scale	Michael A (VIC)	39
Revolver	Michael A (VIC)	39	Unl Standing	Judy H (QLD)	31
Standing	Barry W (SA)	26	Unl Any Sight	Noel W (SA)	40
Unlimited	Michael A (VIC)	40	UASHS	Stuart K (SA)	40

The 10 Match Aggregate went to Barry W (SA) with an excellent 334, followed by Judy H on 317, Wayne C on 316, John H on 314 and Gary J 312.

National Champions BB – L to R – Russell M (QLD) Production, Judy H (QLD) Unl Standing, Barry W (SA), Standing, Mick A (VIC) Revolver, Unlimited, Unl Half Scale, Noel W (SA) UAS, Stuart K (SA) UASHS

You wouldn't believe the number of LED torches that the shooters carried, so the presentation went off very well followed by the prize table and with everyone present taking something extra home, there was nothing left but the goodbyes and the promise so see each other again next year in Perth, WA.

Kirsten uses the "dead frog" position

Thanks Lance – small accident with target paint

WA Small Bore and Field Pistol shooters
