Desert Sportsman's rifle and pistol club
Las Vegas, NV
BB, SB, FP and 1/5 scale
Jun 21 & 28, 2020

With Art recovering from back surgery, Debi out of town, new guy Bill's gun still broke and Joe D. staying home because of the pandemic we had a match like we used to. 18 guns fired and I shot 11 of them, as usual. Joe Kennedy decided to shot a SSW 41 mag that he hadn't shot in over 30 years with a box of factory PMC ammo that he purchased over 30 years ago. He shot a 25 standing and still beat me, as usual. He did have a superior spotter who was of great assistance(that was me). I also spotted for John Nagazyna while he shot a 29 in Uni(okay, I can only do so much). He added a nice(maybe sand bagged?) 39 in UAS BB and another 40 in PH short course with a Hornet load he got from me(just saying). I'm not showing all my scores below but I did shoot into the 140 club in SB and BB. Joe Kennedy shot a couple of really good US scores in both SB and BB but he felt he should do better, also, as usual.

Shoot Well, Take Care,
Hg
