Was it just Halloween or did John Nagazyna curse the Sin City Silhouette Shooters when he used the "W" word. Debi Wright was on her way to shooting her 2nd 40 in SB UAS. Art Cheshire was going for his first ever 40 in SB UAS and he shot over a ram. John himself, who has only been shooting 40's in PH-SC shot under a chicken and shot a 39. One 39 i fairness to John, the week before on BB Sunday Debi shot one of her worst scores and John shot a group on the turkeys you couldn't cover with a semi truck. It seems the factory ble Joe Kennedy did shoot a very nice US-36.

Just FYI the "W" word is W_ndy. Shoot Well, Take Care.....Hg
